## July 2017

Welcome to Mar Vista Academy, our science class uses standard based grading. Therefore, you will not see a grade until the end of each grading period. In the meantime as assignments are submitted each student will receive feedback. If the work complies with all the requirements students will receive **MAS** for mastery. If the work is not complete or does not comply with all requirements it will be mark as **WIP**, work in progress. As as the work is improved, re do, and complies with requirements will be then mark as **MAS**.

The rationale behind this method is to assure that all students have the opportunity to improve their knowledge and to succeed in their learning .

- **Jupiter grade** is our platform for:
  - Assignments
  - Grades
  - General information.
  - Communication.

What do I do if I am absent?

- Ask your group members what you missed.
- Find any missing notebook pages in the absent bin
- Complete missing work on your own or with help from a classmate.
- Ask Mrs. Trejo for help after you checked class website, Jupiter Grades, asked your friends, and tried on your own.

## Student Support

- Help is available
    - Before school 7:45 am to Wednesday and Friday.
    - After school 3:30 to 4:30 Monday, Tuesday, and Thursday.
